Beyond Westphalia?: National Sovereignty and International Intervention

Beyond Westphalia?: National Sovereignty and International Intervention

Under the Westphalian system of international order, each nation is understood to be sovereign and its borders are seen as inviolate. But with the emergence of worldwide problems and the increasing interdependence of nations, it is clear that what happens (or does not happen) in one country can have serious repercussions elsewhere. Beyond Westphalia? brings together a distinguished group of scholars to explore the question of whether recent political changes have shifted the balance between the sovereign rights of states and the authority of the larger international community.

Contributors are Jarat Chopra, Ken Conca, Jack Donnelly, Robert H. Jackson, Stephen D. Krasner, Friedrich Kratochwil, Gene M. Lyons, Michael Mastanduno, Janne E. Nolan, Nicholas Onuf, James N. Rosenau, and Thomas G. Weiss.
