**Al-Qaeda doesn't care about "Hope" and "Change"**

The threat of terrorism in America, the Obama administration assures us, is contained and controlled. Recent attempted attacks like the Times Square bombing, the "underwear bombing" on a flight over Detroit, and the attack on a Christmas tree lighting ceremony in Oregon were all isolated plots that failed anyway. In the words of Homeland Security secretary Janet Napolitano, "The system worked."

Don't believe it. In *The Terrorist Next Door*, investigative reporter Erick Stakelbeck exposes the staggering truth about our national security: the Obama administration is concealing and whitewashing the enormous terrorist threat growing right here within America's borders.

If you believe terrorism is only a problem for other countries, Stakelbeck's on-the-ground reporting will open your eyes. He has been inside America's radical mosques, visited U.S.-based Islamic enclaves, and learned about our enemies by going straight to the source—interviewing al-Qaeda-linked terrorists themselves. In this shocking book, Stakelbeck reveals:

- How Islamic radicals have established separatist compounds and even jihadist training camps throughout rural America
- That an overt disciple of Iran's Ayatollah Khomeini now leads one of the largest mosques in America
- How mega-mosques aren't just planned for Ground Zero—they're being built in the heart of the Bible Belt as part of a plan for Islamic domination
- What a former U.S. covert agent inside the Iranian regime says about Iran's program to recruit Americans into terror groups
- How the Obama administration's beguiling counter-terrorism policies are *increasing* the threat of another 9/11

*The Terrorist Next Door* sounds the alarm on a growing threat to every American—one that the U.S. government refuses to face honestly or even to name. As we struggle against a relentless and adaptable Islamist enemy that is committed to destroying our nation, we can't say we weren't warned.
