All of us can receive healing messages from God and our guardian angels when we need guidance. The angels speak to us about health, family, relationships, finances, and careers-and Divine Prescriptions reveals the angels' powerful spiritual solutions to every seeming problem. Citing case studies and transcripts from her angel therapy sessions, Dr. Virtue shows that when the problems we face are too complex to be solved by counselors, friends, or even "Dear Abby", there is another way, a divine way, to discover answers.
