Law 101: Everything You Need to Know about the American Legal System

Jay M. Feinman

Law 101: Everything You Need to Know about the American Legal System Jay M. Feinman
The best-selling first edition of *Law 101* provided readers with a vividly written and indispensable portrait of our nation's legal system. Now, in this revised edition, Jay M. Feinman offers an updated survey of American law, spiced with new anecdotes and cases, and incorporating fresh material on topics ranging from the President's war powers, to intellectual property, standard form contracts, and eminent domain.
Here is an exceptionally clear introduction to law, covering the main subjects found in the first year of law school, giving us a basic understanding of how it all works. Readers are introduced to every aspect of the legal system, from constitutional law and the litigation process to tort law, contract law, property law, and criminal law. Feinman illuminates each discussion with many intriguing, outrageous, and infamous cases, from the scalding coffee case that cost McDonald's half a million dollars, to the sensational murder trial in Victorian London that led to the legal definition of insanity, to the epochal decision in *Marbury v. Madison* that gave the Supreme Court the power to declare state and federal laws unconstitutional. He broadens the reader's legal vocabulary, clarifying the meaning of everything from "due process" and "equal protection" in constitutional law, to the distinction between "murder" and "manslaughter" in criminal law. Perhaps most important, we learn that though the law is voluminous and complex, it is accessible to all.
Everyone who wants a better grasp of current legal issues--from students contemplating law school, to journalists covering the legislature or the courts, to fans of Court TV--will find here a wonderful source of information: a complete, clear, and colorful map of the American legal system.

"An entertaining and informative introduction to the law.... For journalists, those interested in the law, and fans of television law dramas, this book should be required reading."--*Library Journal*
