**Signs of Life in the USA: Readings on Popular Culture for Writers** Sonia Maasik, Jack Solomon  
*Signs of Life in the USA* teaches students to read and write critically about popular culture by giving them a conceptual framework to do it: semiotics, a field of critical theory developed specifically for the interpretation of culture and its signs. Written by a prominent semiotician and an experienced writing instructor, the text's high-interest themes feature provocative and current reading selections that ask students to think analytically about America's impressive popular culture: How is TV's *Mad Men* a lightning rod for America's polarized political climate? Has the nature of personal identity changed in an era when we spend so much of our lives online? *Signs of Life* bridges the transition to college writing by providing students with academic language to talk about our common, everyday cultural experience. Read the preface.
