**The Evolution and History of Human Populations in South Asia: Inter-disciplinary Studies in Archaeology, Biological Anthropology, Linguistics and ... Paleobiology and Paleoanthropology)**

This is the first volume of its kind on prehistoric cultures of South Asia. The book brings together archaeologists, biological anthropologists, geneticists and linguists in order to provide a comprehensive account of the history and evolution of human populations residing in the subcontinent. New theories and methodologies presented provide new interpretations about the cultural history and evolution of populations in South Asia.
