E-Z American Sign Language (Barron's E-Z Series) David A. Stewart Ed.D., Elizabeth Stewart, Lisa M. Dimling Ph.D., Jessalyn Little M.Ed.

This heavily illustrated, self-teaching guide to ASL--American Sign Language--is useful both for the deaf and for those men and women who teach or work among deaf people. *E-Z American Sign Language* presents ASL's 10 key grammatical rules and emphasizes the use of "facial grammar" as an important supplement to manual signing. Most of the book's content takes the form of a presentation of more than 800 captioned line drawings that illustrate signs for their equivalent words and then show how to combine signs in order to communicate detailed statements. *Barron's E-Z Series* books are updated, and re-formatted editions of Barron's older and perennially popular *Easy Way* books. Titles in the new *E-Z Series* feature extensive two-color treatment, a fresh, modern typeface, and more graphic material than ever. All are self-teaching manuals that cover a wide variety of practical and academic subjects, written on levels that range from senior high school to college-101 standards.
