In the world Wade Watts was born to, human civilization is on the brink of collapse. Famine, war, and the consequences of climate change loom large. The only escape is OASIS, an immersive computer program in which anyone can be anything, and any world imaginable can be coded into the system.

When the man who created OASIS dies, he leaves behind an immense fortune, and no heirs, with a will that names his successor the person who can find the Easter egg he left behind in the game. The world scrambles to decipher his clues. Wade is just a high school student, but when he becomes the first person to solve a major clue, he discovers that fame and fortune come with danger, and the powerful will do anything to get their hands on the prize.
