Si todos lo dicen...: Más tontos tópicos (Spanish Edition) Aurelio Arteta

Los tópicos aquí reunidos son juicios de valor que actúan a modo de prejuicios básicos ampliamente compartidos. Ellos manifiestan la mentalidad de una sociedad, componen un retrato colectivo en el que nada cuesta reconocernos. No ha de suponerse que los tópicos sean invenciones de los medios de comunicación, aunque éstos contribuyan lo suyo a propagarlos. Esos lugares comunes son creación nuestra: de nuestra comodidad y de nuestros miedos, de la ignorancia tanto como del espíritu rebañero de la mayoría.

Prescindir de ellos, pues, exige ponerse a pensar lo que quizá no hemos pensado nunca, porque en ese mismo vacío se asienta buena parte de nuestras convicciones. En la estela de su libro anterior, *Tantos tontos tópicos*, Aurelio Arteta vuelve a cargar en *Si todos lo dicen...* contra otros cuantos clichés que nos confunden. Empecemos a sospechar de eso que siempre hemos creído evidente por ser lo que acostumbramos a escuchar, lo que todos aprueban y nadie discute, lo que nos asegura su acogida... Descubrir estas frases hechas, cuestionar sus pretensiones y remover su falsa solidez es un quehacer que todo sujeto debe imponerse. Una guía adecuada para ello puede ser esta topografía moral que el autor nos ofrece.

From reader reviews:

Crystal Freeman:

Nowadays reading books are more than want or need but also be a life style. This reading behavior give you lot of advantages. Associate programs you got of course the knowledge your information inside the book which improve your knowledge and information. The info you get based on what kind of publication you read, if you want have more knowledge just go with schooling books but if you want sense happy read one having theme for entertaining including comic or novel. Typically the Si todos lo dicen...: Más tontos tópicos (Spanish Edition) is kind of publication which is giving the reader unpredictable experience.

Gregory Sims:

Information is provisions for people to get better life, information these days can get by anyone from everywhere. The information can be a understanding or any news even a concern. What people must be consider whenever those information which is inside the former life are challenging be find than now's taking seriously which one is suitable to believe or which one typically the resource are convinced. If you obtain the unstable resource then you have it as your main information we will see huge disadvantage for you. All those possibilities will not happen with you if you take Si todos lo dicen...: Más tontos tópicos (Spanish Edition) as your daily resource information.

Irene Parker:

People live in this new day time of lifestyle always make an effort to and must have the free time or they will get wide range of stress from both lifestyle and work. So , whenever we ask do people have spare time, we will say absolutely sure. People is human not only a robot. Then we ask again, what kind of activity do you possess when the spare time coming to an individual of course your answer will probably unlimited right. Then do you ever try this one, reading guides. It can be your alternative in spending your spare time, typically the book you have read is Si todos lo dicen...: Más tontos tópicos (Spanish Edition).

Louise Suttle:

In this time globalization it is important to someone to receive information. The information will make a professional understand the condition of the world. The healthiness of the world makes the information much easier to share. You can find a lot of recommendations to get information example: internet, newspapers, book, and soon. You can see that now, a lot of publisher which print many kinds of book. The particular book that recommended for you is Si todos lo dicen...: Más tontos tópicos (Spanish Edition) this book consist a lot of the information with the condition of this world now. That book was represented how can the world has grown up. The vocabulary styles that writer use to explain it is easy to understand. The particular writer made some research when he makes this book. Honestly, that is why this book acceptable all of you.
