“A clever fighter is one who not only wins, but excels in winning with ease.”

Sun Tzu’s blueprint for battlefield strategy remains the original and greatest military strategy book. **The Art of War** is as relevant to today’s warriors in business, politics, and everyday life as it once was to the warlords of ancient China. It is one of the most useful books ever written on leading with wisdom, an essential tool for modern corporate warriors battling to gain the advantage in the boardroom, and for anyone struggling to gain the upper hand in confrontations and competitions.

For the last two thousand years **The Art of War** has been the most important military treatise in Asia, where even the common people knew it by name. It has had an influence on Eastern and Western military thinking, business tactics, legal strategy and beyond.

The Art of War is presented for the first time in an enhanced E-Book edition designed for optimal viewing on the Kindle. It has been fully annotated by Lionel Giles and includes links to free full-length audio recordings of **The Art of War** and a gallery of ancient Chinese literati paintings. This is one of the most comprehensive and expertly curated editions of Sun Tzu's work available.
