The Right to Privacy

Caroline Kennedy, Ellen Alderman

The Right to Privacy Caroline Kennedy, Ellen Alderman

Can the police strip-search a woman who has been arrested for a minor traffic violation? Can a magazine publish an embarrassing photo of you without your permission? Does your boss have the right to read your email? Can a company monitor its employees' off-the-job lifestyles--and fire those who drink, smoke, or live with a partner of the same sex? Although the word privacy does not appear in the Constitution, most of us believe that we have an inalienable right to be left alone. Yet in arenas that range from the battlefield of abortion to the information highway, privacy is under siege. In this eye-opening and sometimes hair-raising book, Alderman and Kennedy survey hundreds of recent cases in which ordinary citizens have come up against the intrusions of government, businesses, the news media, and their own neighbors. At once shocking and instructive, up-to-date and rich in historical perspective, **The Right to Private** is an invaluable guide to one of the most charged issues of our time.

"Anyone hoping to understand the sometimes precarious state of privacy in modern America should start by reading this book."--Washington Post Book World

"Skillfully weaves together unfamiliar, dramatic case histories...a book with impressive breadth."--Time

From reader reviews:

Jack Young:

Book is definitely written, printed, or outlined for everything. You can know everything you want by a publication. Book has a different type. As you may know that book is important factor to bring us around the world. Close to that you can your reading expertise was fluently. A reserve The Right to Privacy will make you to be smarter. You can feel much more confidence if you can know about anything. But some of you think that will open or reading the book make you bored. It is not make you fun. Why they are often thought like that? Have you looking for best book or ideal book with you?

Celina Ziolkowski:

Typically the book The Right to Privacy has a lot details on it. So when you make sure to read this book you can get a lot of help. The book was written by the very famous author. Mcdougal makes some research previous to write this book. This kind of book very easy to read you will get the point easily after scanning this book.

Travis McDonald:

The reason? Because this The Right to Privacy is an unordinary book that the inside of the e-book waiting for you to snap the idea but latter it will distress you with the secret it inside. Reading this book next to it was fantastic author who have write the book in such amazing way makes the content within easier to understand, entertaining approach but still convey the meaning entirely. So , it is good for you for not hesitating having this any more or you going to regret it. This book will give you a lot of rewards than the other book include such as help improving your expertise and your critical thinking method. So , still want to hold off having that book? If I have been you I will go to the e-book store hurriedly.

David Paras:

That book can make you to feel relax. This particular book The Right to Privacy was multi-colored and of course has pictures on there. As we know that book The Right to Privacy has many kinds or category. Start from kids until young adults. For example Naruto or Private investigator Conan you can read and believe you are the character on there. So , not at all of book are usually make you bored, any it makes you feel happy, fun and relax. Try to choose the best book for you personally and try to like reading this.
