Sal and Team Three travel to Madrid, through a breathing door, and into a lonely man's weirdest dreams.

Sal Brooks, newest member of Team Three of the Societas Librium Occultorum, is settling into her job and apartment in Rome. In this episode we meet the rest of the team and get a tour of the Black Archives (pro tip: don't touch anything), before being whisked off on Sal's first mission: investigate a magical disturbance in the heart of Madrid, Spain. There they find a breathing apartment door, little girls being held hostage, and some furniture that is far too alive for good taste. First days on the job are never easy...

This episode is brought to you by team-writer Brian Francis Slattery and trips down a rabbit hole (or rather, through an apartment door) into some thoroughly New Weird territory. Fans of Vandermeer's Southern Reach trilogy will find much to enjoy.
