**Force on Force** Shawn Carpenter, Robby Carpenter

In this new set of wargaming rules, Osprey (in conjunction with Ambush Alley Games), presents two modern-era wargames: Force on Force and Ambush Alley.

Force on Force is a wargame for symmetrical, kinetic engagements between professional forces in the modern era. The rules cover all aspects of modern warfare from the confidence and supply level of troops to air-strikes and off-board artillery and incorporate tailored mechanics that allow the same rule-set to accommodate scenarios set anywhere from the end of World War II to the conflicts on today's news without sacrificing either character or playability. From infantry and armor to artillery and air support, Force on Force presents everything gamers need to recreate post-war warfare between conventional, combined-arms forces.

The book also contains Ambush Alley, the incredibly popular modern miniature wargame that allows players to recreate the intense counter-insurgency actions in an urban environment that have become the hallmark of 21st century warfare. The rules mechanics revolve around a universal mechanic that is easy to grasp but supports a high level of detail and rewards sound tactical play. The game's dynamic turn sequence captures the turmoil of the modern city fight and integrated "fog of war" keeps things chaotic and unpredictable! While Ambush Alley shares familiar game mechanics with Force on Force, it is a standalone game, and allows players to recreate a vastly different style of modern conflict.

One of the most stream-lined and tactically challenging set of wargames rules ever written, *Force on Force* is a must-have for anyone interested in modern battlefield leadership or for those who just enjoying pushing toy soldiers around a table.

### From reader reviews:

#### **Peter Schmidt:**

What do you concerning book? It is not important with you? Or just adding material when you require something to explain what yours problem? How about your spare time? Or are you busy particular person? If you don't have spare time to complete others business, it is make you feel bored faster. And you have time? What did you do? Every individual has many questions above. They should answer that question because just their can do that. It said that about guide. Book is familiar on every person. Yes, it is proper. Because start from on kindergarten until university need this kind of Force on Force to read.

#### **Susanne Pineda:**

Reading a book can be one of a lot of exercise that everyone in the world adores. Do you like reading book therefore. There are a lot of reasons why people like it. First reading a book will give you a lot of new details. When you read a publication you will get new information since book is one of several ways to share the information or their idea. Second, examining a book will make you actually more imaginative. When you looking at a book especially fictional book the author will bring one to imagine the story how the people do it anything. Third, you may share your knowledge to other folks. When you read this Force on Force, it is possible to tells your family, friends and soon about yours book. Your knowledge can inspire average, make them reading a guide.

#### **Louis McCarthy:**

Don't be worry should you be afraid that this book will probably filled the space in your house, you might have it in e-book approach, more simple and reachable. This kind of Force on Force can give you a lot of buddies because by you taking a look at this one book you have matter that they don't and make an individual more like an interesting person. This particular book can be one of a step for you to get success. This reserve offer you information that might be your friend doesn't learn, by knowing more than different make you to be great men and women. So , why hesitate? We should have Force on Force.

#### **Antonio Mock:**

As a pupil exactly feel bored for you to reading. If their teacher questioned them to go to the library as well as to make summary for some reserve, they are complained. Just small students that has reading's heart or real their hobby. They just do what the teacher want, like asked to go to the library. They go to right now there but nothing reading very seriously. Any students feel that reading is not important, boring and also can't see colorful images on there. Yeah, it is being complicated. Book is very important to suit your needs. As we know that on this period, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore this Force on Force can make you truly feel more interested to read.
