Nothing Ventured Kristen Luciani

Mia Bradshaw realized long ago that falling in love is a harbinger of pain. As a single mom working for one of the most prestigious venture capital firms in the country, she doesn't have time for serious emotional entanglements. Her sort-of-friend boy is dependable, respectful and...okay, fine, maybe a little lukewarm but whatever! Who ever said there was anything wrong with being...vanilla? It's safe, low-risk and not fraught with conflict and heart wrenching disappointment. Chris Camden is one of the most eligible bachelors in northern California. A successful entrepreneur with a hot car and a panty-dropping grin doesn't need to do much to keep his bed warm at night. His smoldering hazel-eyed gaze makes women melt at his feet. No strings, no conditions, no questions - just the way he likes it. Why should he settle for just one when there are so many sizzling alternatives begging for a spin? A coveted opportunity to partner with Chris's company stirs up emotions that threaten everything Mia's been so careful to protect and control. The guy with more lines than a crowded supermarket before a snowstorm can singe her insides with the slightest accidental touch, proof that she needs to steer clear. But reality hurls a very unexpected curve ball that can change Mia's life in a heartbeat. And sometimes...the perception of safety is relative.
