## The Black Woman: An Anthology

A collection of early, emerging works from some of today's most celebrated African American female writers

When it was first published in 1970, *The Black Woman* introduced readers to an astonishing new wave of voices that demanded to be heard. In this groundbreaking volume of original essays, poems, and stories, a chorus of outspoken women -- many who would become leaders in their fields: bestselling novelist Alice Walker, poets Audre Lorde and Nikki Giovanni, writer Paule Marshall, activist Grace Lee Boggs, and musician Abbey Lincoln among them -- tackled issues surrounding race and sex, body image, the economy, politics, labor, and much more. Their words still resonate with truth, relevance, and insight today.
