*New York Times* bestselling author William R. Forstchen brings a sequel to his hit novel *One Second After*. Months before publication, *One Second After* was cited on the floor of Congress as a book all Americans should read, a book discussed in the corridors of the Pentagon as a truly realistic look at the dangers of EMPs. An EMP is a weapon with the power to destroy the entire United States in a single act of terrorism, in a single second; indeed, it is a weapon that the *Wall Street Journal* warns could shatter America. *One Second After* was a dire warning of what might be our future...and our end. Now, *One Year After* returns to the small town of Black Mountain, and the man who struggled so hard to rebuild it in the wake of devastation-John Matherson. It is a thrilling follow-up and should delight fans in every way.
