Can you really potty train in one day?

YES, you can!

Potty Training in One Day is a proven method that has successfully worked for many parents. With some planning & preparation, followed by a day of potty training, your child will be accident free as quickly as one day to a maximum of 2 weeks!!

The book, Potty Training In One Day walks parent through the entire potty process – from determining if their child is ready to how to handle bowel movement training and bedwetting. It answers common questions such as:

- At what age should I start potty training?
- How do I know if my child is ready to be potty trained?
- What should I do? How should I potty train?
- What does potty training in one day mean?
- What about Bowel Movement Training?
- What should I do if my child resists training?
- How do I handle night time potty training and bed wetting?

...and much more, to help parents prepare for this important developmental milestone and make it a positive and memorable experience for both parent and child.
